

# DET NORSKE VERITAS

## TYPE APPROVAL CERTIFICATE

CERTIFICATE NO. **A-13761**

This is to certify that the  
**Personal Computer**

with type designation(s)  
**MPCF1-10,4" Maritime Panel Computer**

Issued to  
**Data Respons Norge AS**  
**HØVIK, Norway**

is found to comply with  
**Det Norske Veritas' Rules for Classification of Ships, High Speed & Light Craft and Det Norske Veritas' Offshore Standards**  
**IEC 60945 Ed. 4 (2002-08) Maritime navigation and radiocommunication equipment and systems - General requirements - Methods of testing and required test results**

Application  
**Location classes**

<b>Temperature</b>	<b>D</b>
<b>Humidity</b>	<b>B</b>
<b>Vibration</b>	<b>A</b>
<b>EMC</b>	<b>B</b>
<b>Enclosure</b>	<b>A/C*</b>

**\*Console mounted**

This Certificate is valid until **2018-06-30**.

Issued at **Høvik** on **2014-06-11**

DNV local station: **Oslo Maritime and CAP**

Approval Engineer: **Nils Jarem**

for **Det Norske Veritas AS**

-----  
**Odd Magne Nesvåg**  
**Head of Section**

This Certificate is subject to terms and conditions overleaf. Any significant change in design or construction may render this Certificate invalid.  
The validity date relates to the Type Approval Certificate and not to the approval of equipment/systems installed.

If any person suffers loss or damage which is proved to have been caused by any negligent act or omission of Det Norske Veritas, then Det Norske Veritas shall pay compensation to such person for his proved direct loss or damage. However, the compensation shall not exceed an amount equal to ten times the fee charged for the service in question, provided that the maximum compensation shall never exceed USD 2 million. In this provision "Det Norske Veritas" shall mean the Foundation Det Norske Veritas as well as all its subsidiaries, directors, officers, employees, agents and any other acting on behalf of Det Norske Veritas.

## Product description

MPCF1-10,4" Maritime Panel Computer

Nominal voltage : 24V DC

Compass safe distances :

Standard : 60 cm

Steering : 40 cm

## Place of Manufacture

Data Respons Norge AS

Olaf Helsets vei 5

NO-0694 Oslo

Norway

## Approval conditions

The Type Approval covers hardware listed under Product description. When the hardware is used in applications to be classed by DNV, documentation for the actual application is to be submitted for approval by the manufacturer of the application system in each case. Reference is made to DNV Rules for Ships Pt.4 Ch.9 Control and Monitoring Systems.

### Product certificate

If specified in the Rules, ref. Pt.4 Ch.9 Sec.1, the control and monitoring system in which the above listed hardware is used shall be delivered with a product certificate. For each such delivery the certification test is to be performed at the manufacturer of the application system before the system is shipped to the yard. The test shall be done according to an approved test program. After the certification the clause for application software control will be put into force.

### Clause for application software control

All changes in software are to be recorded as long as the system is in use on board. The records of all changes are to be forwarded to DNV for evaluation and approval. Major changes in the software are to be approved before being installed in the computer.

## Application/Limitation

Approval does not cover mounting brackets.

## Type Approval documentation

Data sheet : MPCF1-10,4" Maritime Panel Computer, Released Revision: A Version: 1 Date: 21.10.2013

Test report: Report No: 20157, Rev. 2, EMC and Environmental testing of maritime Panel PC type MPCF1-10,4.

User manual: MPCF1-10.4" PanelComputer Technical Manual; 5100047-900, Rev. A.

## Tests carried out

Applicable tests according to Standard for Certification No. 2.4, April 2006.

Applicable tests for protected equipment according to IEC 60945, 4th edition (2002); except acoustic noise (11.1)

## Marking of product

Manufacture: Data Respons Norge AS

Model number: As listed under product description

Serial number: Unique for each delivered item

Power supply: 24V DC

Compass safe distance, when installed closer than 5m to a standard or steering compass.

### **Periodical assessment**

The scope of the periodical assessment is to verify that the conditions stipulated for the type are complied with, and that no alterations are made to the product design or choice of systems, software versions, components and/or materials.

The main elements of the assessment are:

- Ensure that type approved documentation is available
- Inspection of factory samples, selected at random from the production line (where practicable)
- Review of production and inspection routines, including test records from product sample tests and control routines
- Ensuring that systems, software versions, components and/or materials used comply with type approved documents and/or referenced system, software, component and material specifications
- Review of possible changes in design of systems, software versions, components, materials and/or performance, and make sure that such changes do not affect the type approval given
- Ensuring traceability between manufacturer's product type marking and the type approval certificate

Periodical assessment is to be performed at least every second year and at renewal of this certificate.
